Patient History

—

Today's OPD

There is an option to manage patient history in the system. History is useful for accessing patient health records during his/her previous visits at hospital.

The screenshot displays a medical software interface with a blue sidebar on the left containing navigation options: View Resources, Patients, OPD, Appointments, Labs Tracking, Prescriptions, Inventory, Reports, Accounts, Doctor Timings, and Message Templates. The main content area is titled 'History' and features a table with columns: Name, Patient #, Clinical Notes, Medical History, Complaint, Examination, and Action. A single entry for 'Raza Ul Mustafa' (Patient # 106030) is shown with clinical notes '20 and 27 food impaction, gingivitis, Adv Scaling 22-08-20: Scaling done'. Below the table is a form titled 'Add Patient History For Raza Ul Mustafa' with various input fields and checkboxes for medical history, complaint, examination, and notes. The form includes checkboxes for conditions like Hypotension, Hypertension, Hep-C, Hep-B, Hep-A, Diabetic, Asthma, Allergy, Swelling, Sensitivity to Cold, Sensitivity to Hot, Pain on Chewing, Continuous Pain, Bleeding from Gums, Pulpitis, Impacted Molar, Pain on Palpation, Mobility, Gingivitis, Carious Tooth, and Bleeding. At the bottom, there is a 'Save' button and a 'Cancel' button. The footer of the interface shows the copyright notice: '2021 © Raza Ul Mustafa / 0310-7453327 / rasmulmustafa@outlook.com /'.

Preferences

Preferences

In the preferences tab, there is option of managing

1. Procedures
2. Drugs
3. Medicine Templates

The screenshot shows a software interface with a blue sidebar on the left containing navigation options: View Invoices, Patients, OPD, Appointments, Labs Tracking, Preferences (selected), Procedures, Drugs, Medicine Templates, Inventory, Reports, Accounts, Doctor Timings, and Message Templates. The main content area is divided into three sections:

- Templates**: A table with columns Name, Medicines, and Action. It lists five templates: TEST, Paste, Mouth, DR TEST, and Pain, each with a corresponding medicine and a red 'Delete' button.
- Add Drug Templates**: A form with fields for Template Name, Doctor (a dropdown menu), and buttons for Save and Cancel.
- Drugs**: A table with columns Name, Generic, and Strength. It lists various drugs like Dexty (Brufen), Celespan DS, Paradol, Amoxil, Enziclor Mouthwash, Synsodyne Rapid action, Tonoflex P, Synflex, Nims, Flagyl, Froben, DALACIN C, SENSE-T, Prudent, Azomax, Omeprazole, and Neog, each with a strength value in a green box.

At the bottom right, there are 'Previous', '1', and 'Next' navigation buttons. The footer text reads: 2021 © Reza Ul Mustafa / 0318-7453327 / razulmustafa@outlook.com /

Accounts

Accounts

In the system there are three types of accounts

1. Admin
2. Doctors
3. Reception → can not view any reports

The screenshot shows a web form titled "Add Accounts" with a dark header bar containing a user icon and the title. The form fields are as follows:

- Date:** A read-only field showing "2021-07-12 18:50:02".
- Name:** A text input field with the placeholder "Full Name".
- Mobile Number:** A text input field with a country code dropdown set to "+92" and a placeholder "Mobile Number".
- Email:** A text input field with the placeholder "Email".
- Password:** A text input field with the placeholder "Password".
- Gender:** Radio button options for "Male", "Female", and "Other".
- Age:** A text input field with the placeholder "Age".
- Specialization:** A large text area for input.
- Education:** A large text area for input.
- Role:** A dropdown menu with the placeholder "** Please Select **".

At the bottom of the form, there are two buttons: a blue "Save" button with a checkmark icon and a grey "Cancel" button.

Inventory and Lab

Inventory

In the system there is option to manage Inventory Items.
